

VAROSHI FAME

DOMESTIC

MOVE RIGHT IN

Kindle in - the hearts of men

Break down the walls

Move right in

You fight for peace - so mightily spread

And taking hold , you

Move right in

Council in - those who sin

Pray for your enemies

Move right in

Time has seen - a weapon drawn

Into this world , you

Move right in

Rising in - successive end

though labour intensive , you

Move right in

Trading in - wages of men

For social good , you

Move right in

Origin - the rules of men

Division of wealth

Move right in

Weighing in - burn the skin

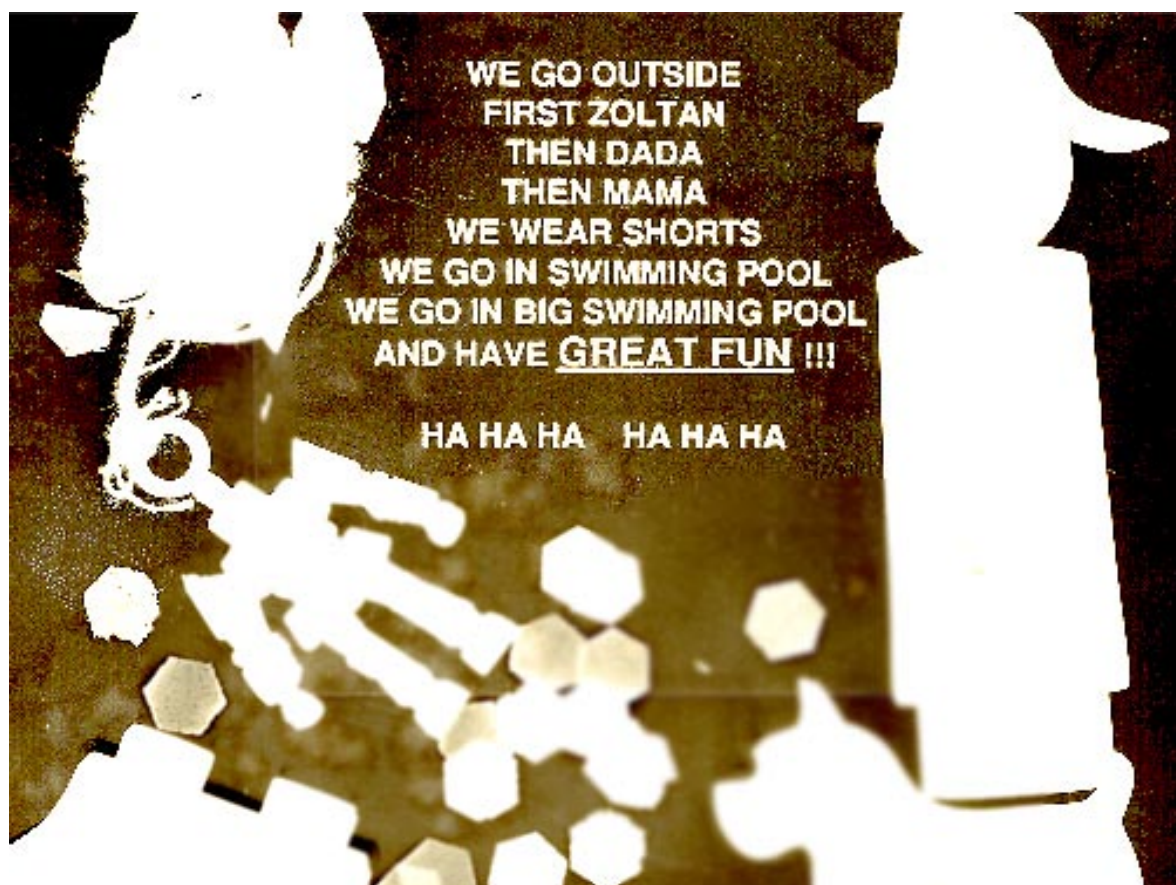

With pompous attitude , you

Move right in

When The Spirit Is Broken

Don't stop moving - keep your eyes open
Listen to the sounds before they overtake you
Don't stop moving Don't stop moving
Listen to the sounds moving your body
Listen to the sounds taking you away
Don't stop moving Don't stop moving
Listen to the sounds driving your soul
Listen to the sounds all around you
Don't stop moving Don't stop moving
Listen to the sounds endlessly flowing
Don't stop moving Don't stop moving
Listen to the sounds faster and faster
Listen to the sounds stronger and stronger
Don't stop moving Don't stop moving

Remember me ?

ON ICE

**Scream - Silence
The leg is entrapped
Why die like this?**

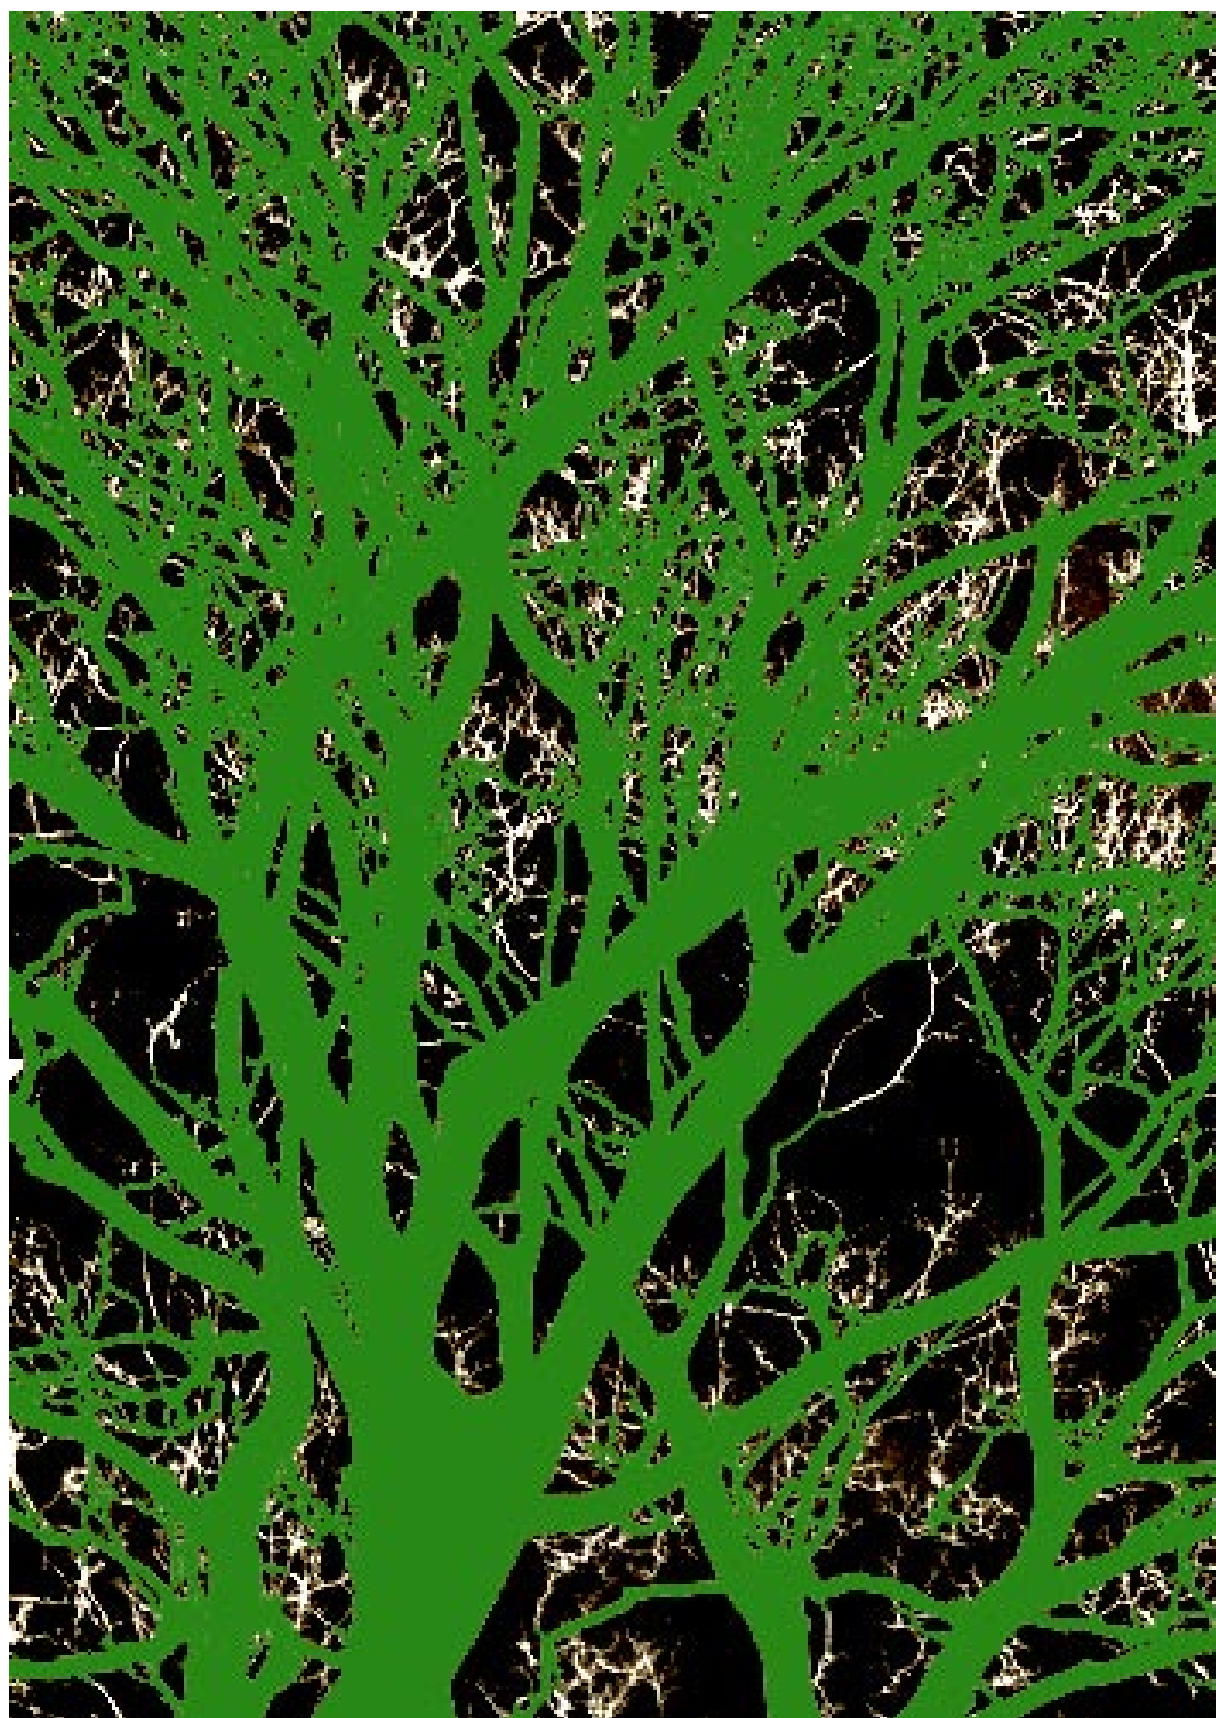

**Scream - Silence
To know at the flesh
Why die like this?**

**Scream - Silence
A victim of wealth
Why die like this?**

**Scream - Silence
To make madam proud
Why die like this?**

**Buyer beware
Why die like this?**

Scream - silence

FIRE AND WIND IS ALL THAT IS LEFT

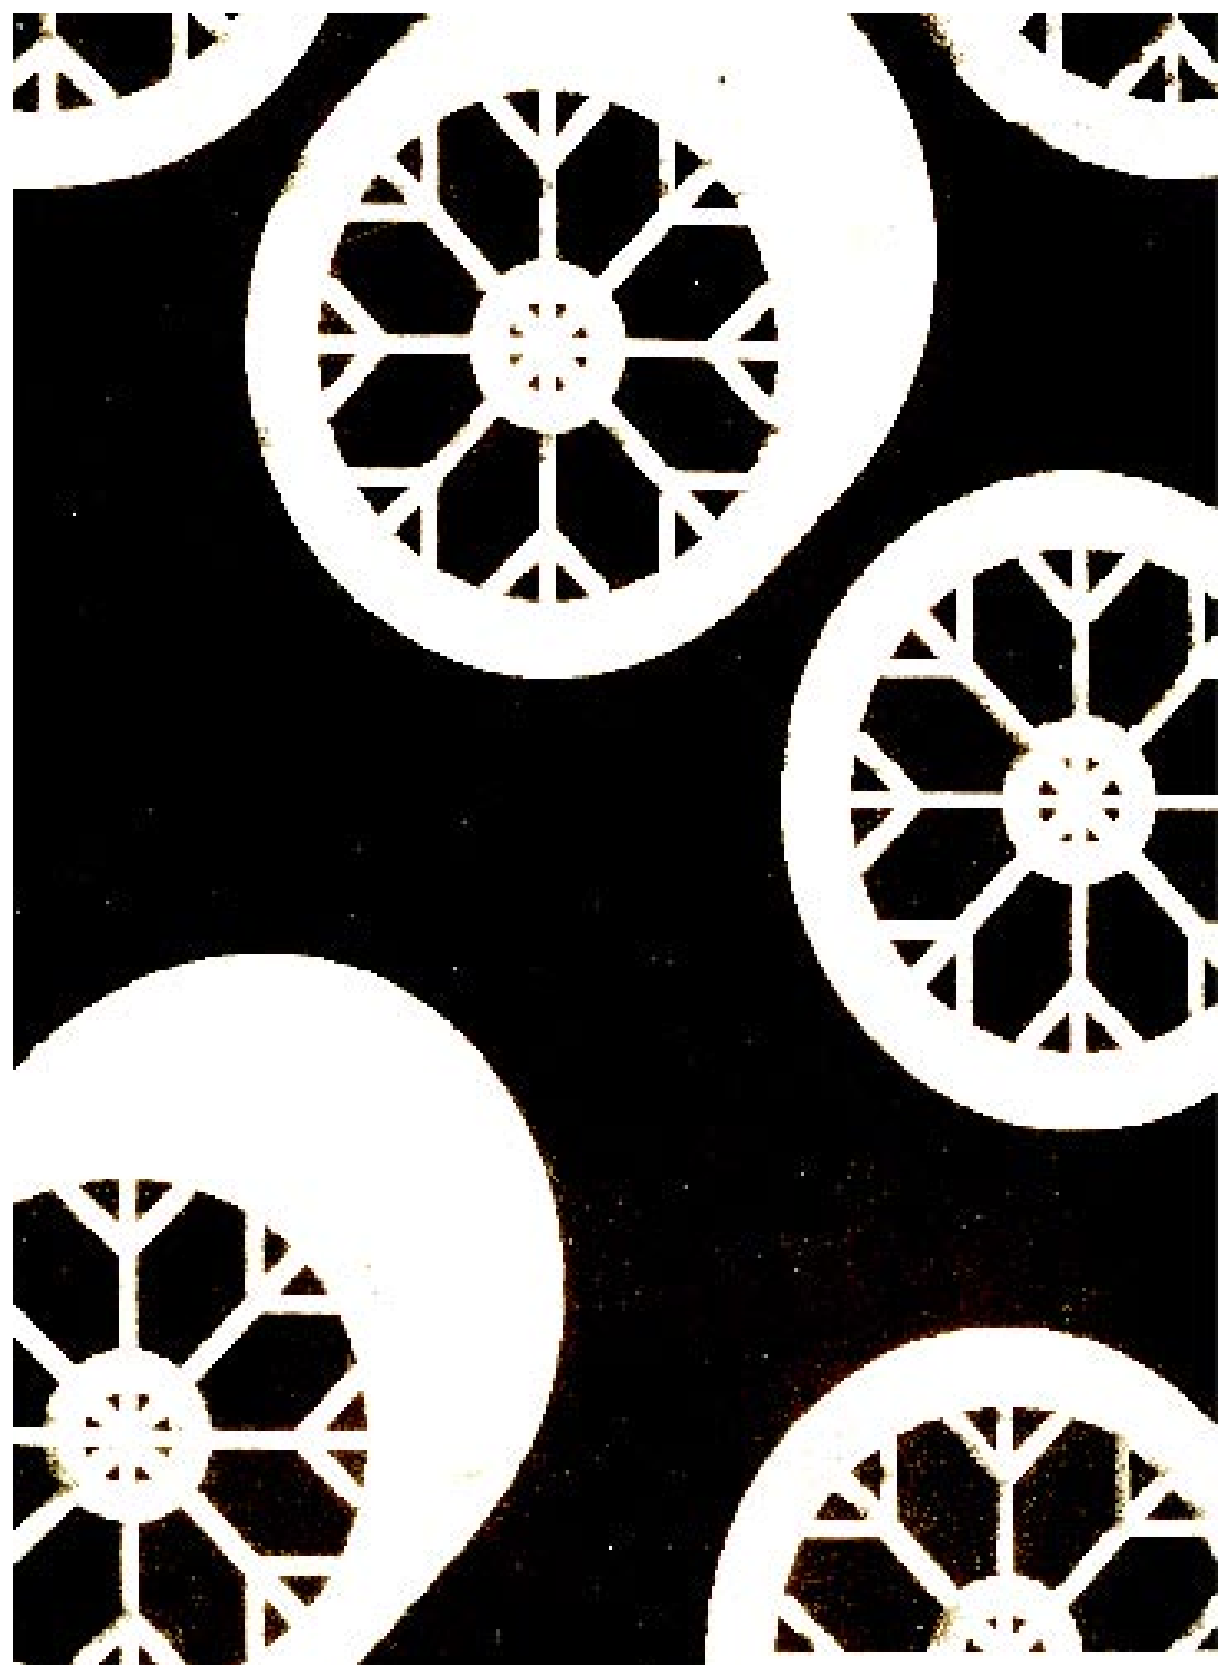

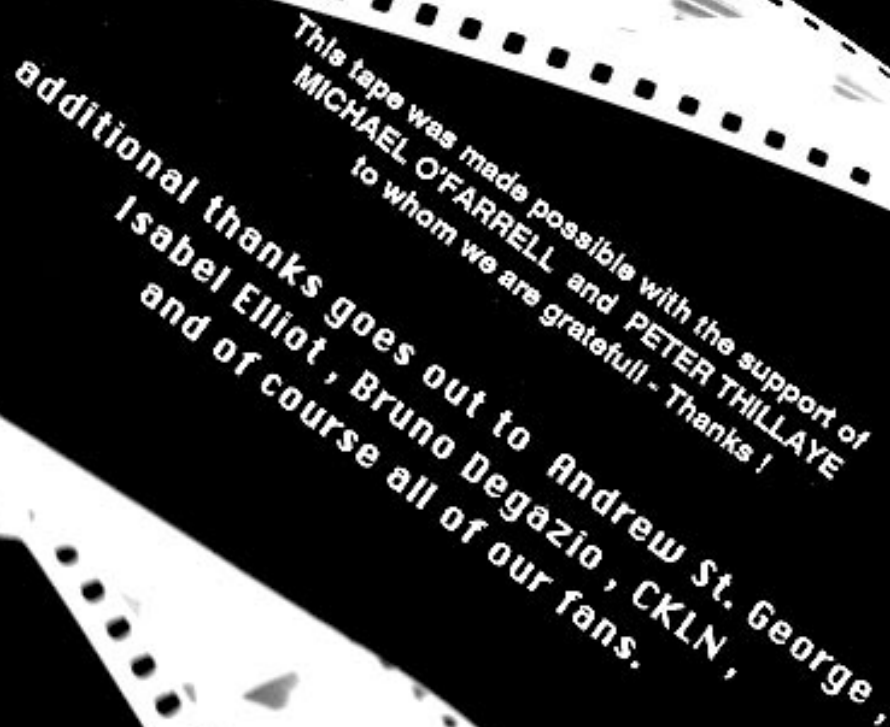

THE

FREEDOM

SONG

freedom , democracy , truth , justice
these are the lies the truth be told
who is free , where is democracy
justice for all , the truth be known
this is the lie
the truth be known
through the ages the lies been told
the truth be known
the chains are broken
the slaves are free
and cast into a hostile world
hatred , fear and anxiety
drive them further from the harmony
all freedom is
is ideology
a caricature
an unreality
a metaphorical enemy
do not be concerned with being free
instead work at becoming free
